

DIY Holz-Bücheregals-SL08

The house of magic

Ages 14+

Sicherheitswarnung

- Um Ihre Sicherheit während des Spielens zu gewährleisten, lesen Sie bitte die Anleitung vor dem Zusammenbau.
- Dieses Produkt ist für Personen ab 14 Jahren geeignet, Kinder sollten es unter Anleitung der Eltern zusammenbauen.
- Ohne Genehmigung vorgenommene Änderungen und Modifikationen an diesem Produkt beeinträchtigen Ihre Rechte in Bezug auf dieses Produkt.

Safety warning

- To keep your safety, please read this manual before you start.
- This product is suitable for people over 14 years old, children must assemble under the guidance of their parents.
- Any unauthorized alteration or modification of this product will damage your rights and interests related to this product.

Hinweise

- Entnehmen Sie die Teile vorsichtig von der Platte, um ein Brechen der Teile zu verhindern. Bruchstellen können mit einem Schleifstab geglättet werden.
- Entfernen Sie nicht alle Teile der Holzplatte auf einmal. Das Produkt muss mit ungiftigem, umweltfreundlichem Kleber zusammengebaut werden. Nach dem Auftragen des Klebers sollte es 2 Stunden ruhen, um die stärkste Aushärtung zu erreichen. Bitte bewegen Sie es nach dem Befestigen nicht. Es wird empfohlen, zuerst die Klebteile zu montieren, um dann andere Steckverbindungen zu montieren, um die Wartezeit zu verkürzen.
- Der Grad der Festigkeit der Steckverbindungen dieses Produkts wird durch die Verarbeitungstechnik sowie die Umgebungsfeuchtigkeit und -temperatur bestimmt. Wenn die Verbindungsteilen zu fest sind, schleifen Sie die Verbindungsteilen mit einem Schleifstab, bevor Sie sie zusammenbauen. Wenn sie zu locker sind, verwenden Sie nach der Montage Klebstoff zur Fixierung.
- Kinder benötigen beim Zusammenbau die Begleitung eines Erwachsenen.
- Die Anleitung enthält wichtigen Informationen, bitte bewahren Sie sie auf.

Attentions

- Carefully remove the accessories from the board, prevent parts from breaking. The break point can be smoothed with a frosting rod.
- Do not detach all the parts at the same time. Glue needs to be used at some points. After the glue is pasted, leave the product untouched for two hours to ensure a firm paste. To save time, you can do the pasting step first and then assemble the rest of plugins.
- The tightness of the connector is determined by the processing technology and the temperature and humidity of the environment. If the splicing part is too tight to be installed, you can polish it with a frosting rod before assembling it. If the installation is too loose, you can add some glue to fix it after assembly.
- Children need to be accompanied by adults when assembling.
- Please keep this instruction manual for future reference.

Wartung und Pflege

- Bitte halten Sie dieses Produkt von Wärmequellen fern und tauchen Sie es nicht in Wasser. Verwenden Sie ein sauberes, weiches Tuch, um dieses Produkt zu reinigen.
- Verwenden Sie keine Fensterreiniger, Sprays, Lösungsmittel, Alkohol, Ammoniak, Schleifmittel oder andere chemische Reinigungsmittel, um das Produkt zu reinigen.
- Wenn während des Zusammenbaus Teile beschädigt oder verloren gehen oder Fragen zum Zusammenbau haben, wenden Sie sich bitte an den Kundenservice.

Maintenance

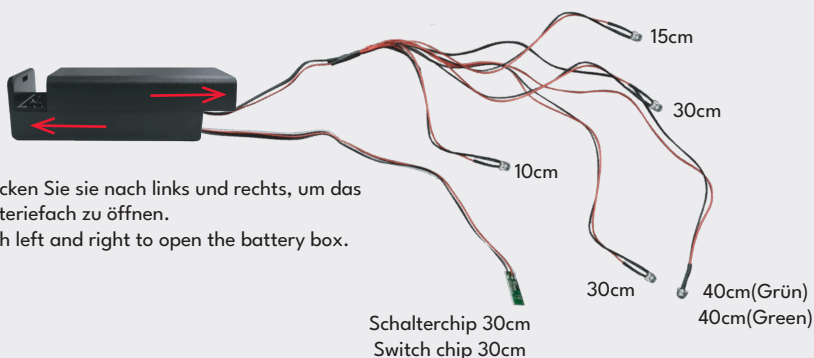

- Do not place the product near heat or in water. And use a clean soft cloth to clean the product.
- Do not use the chemical cleaners to clean the product, such as window cleaners, sprays, solvents, alcohol, ammonia, abrasive and so on.
- Do not hesitate to contact us if you have any issues with the product.

Batteriefach testen

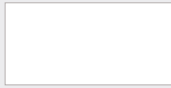

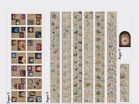

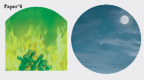

- Wie abgebildet, verbinden Sie den Anschluss der LED-Lampe mit dem Anschluss des Batteriefachs, legen Sie zwei AAA-Batterien ein, schalten Sie den Schalter ein und testen Sie, ob die Lichter (vier warmweiße Lichter und ein grünes Licht) aufleuchten.

Battery box testing

- Connect the port of the LED light to the port of the battery box as shown, and insert two AAA batteries. Turn on the switch and test whether the lights (four white lights and one green) are on.

SCHRITT 34 / STEP 34

Die Kanten von J12 und J10 müssen sich abwechseln.
The edges of J12 and J10 need to alternate with each other.

Drehen Sie den Topf um 90° nach links / rechts, um die Holzplatte zu öffnen und das Batteriefach zu entnehmen.
Turn the pot 90 degrees left or right to open the wood and remove the battery box.

Entfernen Sie die Oberflächenschutzfolie, bevor Sie die Staubschutzabdeckung einsetzen.

Remove the surface protective film before inserting the dust cover.

Nach dem Zusammenbau zwei AAA-Batterien in das Batteriefach einlegen und den Berührungsschalter drücken, um das Licht einzuschalten.

After the assembly is completed, put two No. 7 batteries in the battery box and press the touch switch to turn on the light.
