

DIY Coin de Livre en Bois-SL08

The house of magic

Ages 14+

Avertissement de sécurité

- Pour garantir votre sécurité lors de l'assemblage, veuillez lire le manuel d'instructions avant de commencer.
- Ce produit convient aux personnes de 14 ans et plus, les enfants doivent l'assembler sous la supervision des parents.
- Toute modification ou altération non autorisée de ce produit portera atteinte à vos droits relatifs à ce produit.

Safety warning

- To keep your safety, please read this manual before you start.
- This product is suitable for people over 14 years old, children must assemble under the guidance of their parents.
- Any unauthorized alteration or modification of this product will damage your rights and interests related to this product.

Précautions

- Retirez les pièces de la planche avec précaution pour éviter les casser. Les points de rupture peuvent être lissés avec une lime à ongles.
- Ne retirez pas toutes les pièces en bois de la planche en une seule fois. Le produit doit être assemblé avec de la colle écologique non toxique. Après l'application de la colle, laissez reposer pendant 2 heures pour obtenir la solidification maximale. Ne déplacez pas les pièces après collage. Il est conseillé de coller d'abord les pièces, puis d'assembler les autres connecteurs pour économiser le temps d'attente.
- Le degré de serrage des raccords de ce produit est déterminé par le procédé de fabrication et les conditions d'humidité et de température ambiantes. Si les pièces s'emboîtent trop serré, il est nécessaire de poncer les raccords avec une lime avant de les assembler. Si elles s'emboîtent trop lâche, il faut appliquer de la colle après l'assemblage pour les fixer.
- Les enfants doivent être accompagnés d'un adulte lors de l'assemblage.
- Le manuel contient des informations importantes, veuillez les conserver.

Attentions

- Carefully remove the accessories from the board, prevent parts from breaking. The break point can be smoothed with a frosting rod.
- Do not detach all the parts at the same time. Glue needs to be used at some points. After the glue is pasted, leave the product untouched for two hours to ensure a firm paste. To save time, you can do the pasting step first and then assemble the rest of plugins.
- The tightness of the connector is determined by the processing technology and the temperature and humidity of the environment. If the splicing part is too tight to be installed, you can polish it with a frosting rod before assembling it. If the installation is too loose, you can add some glue to fix it after assembly.
- Children need to be accompanied by adults when assembling.
- Please keep this instruction manual for future reference.

Entretien et maintenance

- Ne placez pas ce produit près d'une source de chaleur ni ne l'immergez dans l'eau. Utilisez un chiffon propre et doux pour nettoyer ce produit.
- Veuillez ne pas utiliser de nettoyants chimiques tels que des nettoyants pour vitres, des aérosols, des solvants, de l'alcool, de l'ammoniaque ou des abrasifs pour nettoyer le produit.
- Si des pièces sont endommagées ou perdues pendant l'assemblage, ou si vous avez des questions concernant l'assemblage, veuillez contacter le service client.

Maintenance

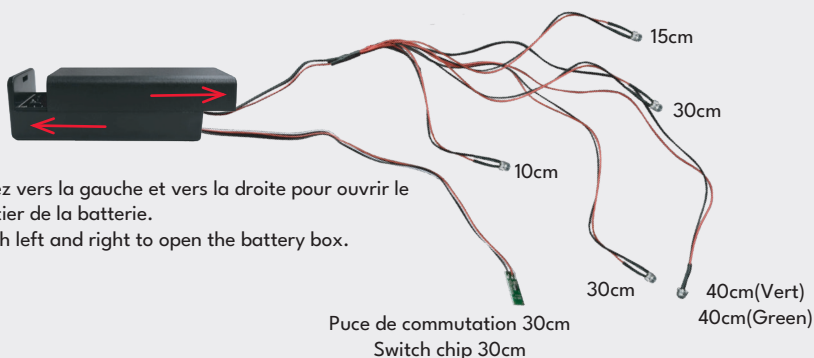

- Do not place the product near heat or in water. And use a clean soft cloth to clean the product.
- Do not use the chemical cleaners to clean the product, such as window cleaners, sprays, solvents, alcohol, ammonia, abrasive and so on.
- Do not hesitate to contact us if you have any issues with the product.

Test du boîtier de piles

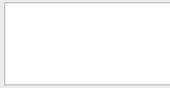

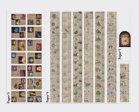

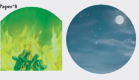

- Comme indiqué sur l'image, connectez le port de la lampe LED au port du boîtier de la batterie, insérez deux piles de type AAA, allumez l'interrupteur et testez si les lumières (quatre lumières blanc chaud et une lumière verte) s'allument.

Battery box testing

- Connect the port of the LED light to the port of the battery box as shown, and insert two AAA batteries. Turn on the switch and test whether the lights (four white lights and one green) are on.
