

Book Nook DIY-YM03

Salle de Collection de Papillons

Ages 14+

Avertissement de sécurité

- Pour garantir votre sécurité lors de l'utilisation, veuillez lire le manuel avant l'assemblage.
- Ce produit convient aux personnes de 14 ans et plus, les enfants doivent l'assembler sous la supervision de leurs parents.
- Toute modification ou altération non autorisée de ce produit portera atteinte à vos droits relatifs à ce produit.

Safety warning

- To keep your safety, please read this manual before you start.
- This product is suitable for people over 14 years old, children must assemble under the guidance of their parents.
- Any unauthorized alteration or modification of this product will damage your rights and interests related to this product.

Précautions

- Retirez délicatement les pièces de la planche pour éviter de les casser. Les points de rupture peuvent être lissés avec une lime à ongles.
- Ne retirez pas toutes les pièces de la planche en une seule fois. Le produit doit être assemblé avec de la colle écologique non toxique, qui nécessite 2 heures de repos après application pour atteindre une solidification maximale. Ne déplacez pas les pièces après collage. Il est conseillé de coller d'abord les pièces avant d'assembler les autres connecteurs pour économiser du temps d'attente.
- Le degré de serrage des connecteurs de ce produit est déterminé par le processus de fabrication et les conditions environnementales de température et d'humidité. Si les pièces sont trop serrées lors de l'assemblage, utilisez une lime à ongles pour poncer les joints avant de les assembler. Si elles sont trop lâches, ajoutez de la colle après l'assemblage pour les fixer.
- Les enfants doivent être accompagnés d'un adulte lors de l'assemblage.
- Le manuel contient des informations importantes, veuillez le conserver.

Attentions

- Carefully remove the accessories from the board, prevent parts from breaking. The break point can be smoothed with a frosting rod.
- Do not detach all the parts at the same time. Glue needs to be used at some points. After the glue is pasted, leave the product untouched for two hours to ensure a firm paste. To save time, you can do the pasting step first and then assemble the rest of plugins.
- The tightness of the connector is determined by the processing technology and the temperature and humidity of the environment. If the splicing part is too tight to be installed, you can polish it with a frosting rod before assembling it. If the installation is too loose, you can add some glue to fix it after assembly.
- Children need to be accompanied by adults when assembling.
- Please keep this instruction manual for future reference.

Entretien et maintenance

- Ne placez pas ce produit près d'une source de chaleur ou ne l'immergez pas dans l'eau. Utilisez un chiffon propre et doux pour nettoyer ce produit.
- N'utilisez pas de nettoyeurs chimiques tels que des nettoyeurs pour vitres, des aérosols, des solvants, de l'alcool, de l'ammoniaque ou des abrasifs pour nettoyer le produit.
- Si des pièces sont endommagées ou perdues pendant l'assemblage, ou si vous avez des questions concernant l'assemblage, veuillez contacter le service client.

Maintenance

- Do not place the product near heat or in water. And use a clean soft cloth to clean the product.
- Do not use the chemical cleaners to clean the product, such as window cleaners, sprays, solvents, alcohol, ammonia, abrasive and so on.
- Do not hesitate to contact us if you have any issues with the product.

Test du boîtier de piles

- Comme indiqué sur l'image, connectez le port de la lampe LED au port du boîtier de la batterie, insérez deux piles AAA, puis allumez l'interrupteur (six lampes blanc chaud) pour vérifier si elles s'allument.

Battery box testing

- Connect the port of the LED light to the port of the battery box as shown, and insert two AAA batteries. Turn on the switch and test whether the lights (6 white lights) are on.
